

CRYING GIRLS

ALIAS CONRAD COLDWOOD

Aloha!

Lately I received a lot of mail from people wondering if I ever did anything else than the soundtrack for Mortis Ghost's OFF and if I wanted to enlarge my penis (yeah, you there! You know who you are). Short answer: yes... I mean «yes» to the first part and «no» to the second part.

Crying Girls is a compilation of a few tracks I kept on my hard drive for the past ten years. The reason why I release all this crap (or why I picked those tracks in particular) is unclear to me since I think I do a better job with soundtracks than I do with «stand-alone» tracks. I'm not asking for anything nor am I expecting anything for releasing this; it's all yours (just don't try to make any money out of it, that would be a waste of time -- and money).

Let's just...never talk about it ever again, shall we? Why am I even releasing this?! WHAT. AM. I. DOING?!

*Anyway... Before I run out of room, I have to mention that the cover artwork is drawn by Mortis Ghost and he's **not** doing drugs. Finally, I'd like to thank you for the interest you put in my work, I truly appreciate.*

*Thank you and have
a day full of hours!*

*And now, a private message to Exaheva:
«Here, I did it! Now leave me alone.»*
